

AmeriHealth Caritas[™]

New Hampshire

To: AmeriHealth Caritas New Hampshire Providers

Date: April 22, 2024

Subject: We are working with Somatus to offer an integrated care delivery program for nephrology patients at no extra cost

Summary: New collaboration with Somatus to launch May 15, 2024.

AmeriHealth Caritas New Hampshire is working with Somatus (<https://www.somatus.com/>), a leading value-based kidney care organization, to offer an integrated care delivery program to support eligible members who have, or are at risk of developing, chronic kidney disease (CKD) or end-stage kidney disease (ESKD). This program is designed to help improve our members' quality measures and clinical outcomes.

The Somatus program will provide our members with a personal support team of health professionals (e.g., doctors, nurses, clinical pharmacists) to help manage their kidney disease and actively follow their treatment plan. The program will be part of all eligible AmeriHealth Caritas New Hampshire members' coverage and is available at no extra cost.

The Somatus team will support your patients through:

- One-on-one care to help manage their kidney disease and comorbidities and address social determinants of health
- Personal health coaching that is based on their condition, treatment options, and diet
- Assistance to transition safely from hospital to home
- Guidance exploring transplant options, if appropriate
- A 24/7 Somatus Care Hotline: **1-855-851-8354, ext. 9**

A Somatus representative will contact you to schedule an onsite visit to review the program. During the onsite visit, the representative will also share with you a list of eligible patients in your practice.

Questions:

If you have questions, please contact Somatus directly at **1-855-851-8354, Monday through Friday, from 8 a.m. to 8 p.m.**, or email provider@somatus.com.
