**Subject:** We've Added Information on NDC Billing to Our Website

As you know, all claims for outpatient medications must include the National Drug Code (NDC), NDC unit qualifier, and NDC units in addition to the HCPCS codes and HCPCS quantity. This information is required to be collected on all outpatient drug claims in order for the Department of Health and Human Services to bill manufacturers for federal rebates as permitted by the Patient Protection and Affordable Care Act.

We have included helpful information on our website about correctly filing these claims, including how to use the 5-4-2 format for NDC numbers, and how to convert J-codes. You'll find the link to this information on the Claims and Billing page in the Provider section of the AmeriHealth Caritas New Hampshire website at <https://www.amerihealthcaritasnh.com>.
