

AmeriHealth Caritas™

New Hampshire

To: AmeriHealth Caritas New Hampshire Providers
Date: February 20, 2025
Subject: We are now accepting GY modifier on claims

Summary: Effective February 1, 2025, AmeriHealth Caritas New Hampshire started accepting a GY Modifier with member claims for services that are not covered by Medicare but are covered by Medicaid for our members who have Medicare as their primary insurer.

Implications:

Providers should be aware that when delivering services to members with Medicare as the primary insurer and Medicaid as secondary, they can now use the GY modifier on claims for services not covered by Medicare but covered by Medicaid. This update aims to streamline the billing process and reduce potential claim denials. This ensures that providers are reimbursed appropriately for services rendered to members with dual coverage.
