

# AmeriHealth Caritas™

## New Hampshire

**To:** AmeriHealth Caritas New Hampshire Providers and Administrative Staff

**Date:** September 16, 2025

**Subject:** Prior Authorization Requirement – Evaluation for Organ and Bone Marrow Transplants

**Summary:** Evaluation for solid organ or bone marrow transplants will now require prior authorization.

Effective October 15, 2025, evaluation for solid organ and bone marrow transplants will require **prior authorization**. This update is intended to support earlier identification of AmeriHealth Caritas New Hampshire members who may be facing a potential solid organ or bone marrow transplant.

**What's new:** Prior authorization will now be required for the *transplant evaluation* in the following transplant categories: **kidney, heart, liver, pancreas, lung, potential stem cell and bone marrow**.

**What's NOT changing:** The *transplant inpatient procedure* itself remains subject to prior authorization, as all inpatient admissions require prior authorization.

**Updates to Prior Auth Lookup Tool:** Specific transplant procedure codes will now appear as “Yes – Prior Authorization Required” in the Prior Authorization Lookup Tool to ensure accuracy and consistency.

**Action you can take:**

Verify whether a service requires prior authorization by using the **Prior Authorization Lookup Tool** available on the AmeriHealth Caritas New Hampshire provider website:

<https://www.amerihealthcaritasnh.com/provider/resources/prior-auth/prior-authorization-lookup>

**Questions:** If you have questions about this communication or would like a full list of codes affected by this change, please contact your Provider Account Executive or the Provider Services department at **1-888-599-1479**.

Thank you for your continued partnership in providing high-quality care to our members.
